

Terms and Conditions

T& J Auto Transport is a licensed and bonded broker who will do everything possible to arrange pickup and delivery within the time frame you have requested. However, a specific date or time cannot be guaranteed. On average, the pickup time is between 5-7 days from the day the order is placed. Routes that are considered out of ordinary could take 7-10 days or longer for scheduled pick up. Your T & J Auto Transport representative will be able to give you those time frames when booking your order. Once your vehicle has been assigned to a truck, our Customer Service Department will contact you with more specific pickup and delivery dates. Therefore, it is imperative that we have correct phone numbers of the persons at the pickup and delivery points. Please provide us with all numbers such as home, work, and cell phones of the person responsible for handing over the vehicle at origin and accepting delivery of the vehicle at destination.

Pickup and delivery dates are estimates and CANNOT be guaranteed. T&J Auto Transport and /or their drivers will under no circumstances be held liable for non-usability or non-availability of a vehicle or reimburse any claims for rental cars.

If you have a question regarding your move or need a status update, please feel free to contact Customer Service via email or by calling our toll free number 1-866-397-6320.

All service is door-to-door as long as it is allowed for a car carrier truck to enter your residential area for pickup and delivery. If a car-carrier truck is not allowed in the area, he will ask that you meet him at a nearby parking lot where the loading and unloading can be safely accomplished.

VEHICLE PREPARATION:

1. Assure that the vehicle has proper levels of anti/freeze, oil, coolant, transmission, and water and brake fluids.
2. Make sure the vehicle contains no more than a ¼ tank full of fuel.
3. Make sure that the vehicle is clean enough to enable a proper inspection of the vehicle.
4. All personal effects are to be removed from the vehicle.
5. Disarm the alarm system and provide the driver with instructions and information regarding the arming and disarming of the security system. Keys to the alarm system must be provided.
6. Remove any loose or protruding accessories from your vehicle.
7. If your vehicle has a leak, you must inform the driver accordingly to enable him to assure that the vehicle is loaded on the bottom level of the trailer to avoid leakage onto another vehicle. Any fluid leaks, which may damage the vehicles running condition, are solely the responsibility of the car owner. Car Owners can be held liable for damages to the Environment or to any other cargo loaded on the same carrier caused by fluid leaks. T&J Auto Transport or their appointed carriers will not be held responsible for damage caused by leaking fluids, battery acid, cooling system antifreeze solution or industrial fallout. (It is always suggested

that whenever possible, leaks should be repaired prior to shipment or the fluid be drained and the car transported as inoperative.)

NON-RUNNING/INOPERATIONAL VEHICLE

Non-running/Inoperative vehicles will not be accepted for shipment without prior approval. There is an additional charge for inoperative vehicles. Non-Running vehicles must have tow hooks or a tow bar in place, roll forward and in reverse, steer and brake properly.

For non-running/wrecked vehicles, which do not meet the above criteria, your T&J Auto Transport Representative will be able to provide you with appropriate rate for your location.

Drivers will take the utmost care in loading and unloading non-operational vehicles. However, damages, if incurred during the loading and unloading, are not a transport damage and therefore non-operational vehicles are shipped at the owners risk.

INSURANCE

Your car is fully insured during the overland transportation in case of transport damage as per carriers/truckers liability and cargo insurance. A joint inspection will be performed at time of pick up and delivery. In the case of transport damage, the damage **MUST BE NOTED ON THE BILL OF LADING AT TIME OF DELIVERY**. Claims made after delivery will not be accepted. You will need to notify T&J Auto Transport of the damages, the day of delivery, or if after normal business hours, no later than the next business day. You will be required to obtain 2 estimates for the repair of the damages and submit them to T&J Auto Transport within 15 days after delivery with your signed copy of the Bill of Lading. On all claims, only the actual cost for the damage caused by the driver will be allowed. Claims for damages are submitted to the Carrier by T&J Auto Transport on your behalf and are usually finalized within 30 days. In case an Insurance Underwriter requests a survey to be accomplished, the car owner or agent must make the vehicle available.

PLEASE REVIEW THE ABOVE CAREFULLY. IF BY CHANCE YOUR AUTO WOULD HAVE FREIGHT/SHIPPING DAMAGE, IT MUST BE NOTED ON THE BILL OF LADING AT TIME OF DELIVERY. BOTH THE CUSTOMER AND THE DRIVER MUST SIGN IT!! IF THERE IS A PROBLEM WITH REGARD TO THE MATTER, THEN YOU MUST CALL OUR OFFICES PRIOR TO ACCEPTING THE AUTO. IF THIS FORMAT IS NOT TAKEN WE CANNOT ALLOW OR FILE ANY TYPE OF DAMAGE CLAIM.

IF A SECOND PARTY ON YOUR BEHALF TAKES DELIVERY, PLEASE ADVISE THEM OF THE ABOVE DETAILS.
